

Early

58 Days to Bloom

94 Days to RM

Management & Positioning

- Early red colored grain sorghum with excellent short season yield
- Excellent standability suited for high stressed environments
- Semi-open head with excellent head exertion and drought tolerance
- Good sorghum aphid tolerance and very good standability
- Adapted very well to northwest Kansas, eastern Colorado, High Plains Texas, and northern areas

Precision Placement™ Management

Row Width

Wide	R	Silt Loams	HR
15-20"	HR	Sandy	R
Drilled	HR	Clay	R
		Poorly Drained	N

Planting Populations

Low	N	High	HR
Medium	HR	Moderate	HR
High	HR	Stress	HR

Tillage:

Conventional	HR	Full Irrigation	HR
Minimum	HR	Limited Irrigation	HR
Ridge-Till	HR	Dryland below 21"	7.5
No-Till	HR
