

# DG 4120

Fall Dormancy - 4.4

### Management Comments

- New genetics that combine high end tonnage yields along with excellent winterhardiness
- Brings added disease resistance with high resistance to Aphanomyces Race 2 and Race 3
- Significantly more winterhardy than other commercial varieties of this dormancy
- Multiple pest resistance is excellent with very fast recovery after cutting
- High multifoliate leaf expression and dark green in color produces high field values
- Plant across Midwest and north for high quality, long stand life, and high yields
